Report on Internship

Submitted By :

Name : Mynul Islam
Registration No :
2018831059
Semester : Seventh(4/1)
Software Engineering,IICT,
SUST

Performed At:

Luminous Labs
Mirpur DOHS,
Dhaka

Time Period: 01/02/2023-25/07/2023

Date of Submission: 07/08/2023

LETTER OF TRANSMITTAL

August 07, 2022

The Director,
Institute of Information and Communication Technology,
Shahjalal University of Science and Technology

Dear Sir,

I would like to submit my Internship report. This report is based on the internship program I participated from February 2023 to July 2023 in Luminous Labs, Bangladesh. This report is to show my learning outcome in the past 6 months. During this time, I worked under the supervision of SM Shahadat Hossain, Senior Software Engineer, Luminous Labs. It is my pleasure to present to you my work and experience with the industrial culture of Bangladesh.

I hope that, this document will exhibit my total experiences, gathered knowledge and outlook based on my observation and learning process. I'm looking forward to your effective feedback on my entire report.

Sincerely yours,
Mynul Islam,
Reg No: 2018831059,
Dept. of Software Engineering,
Shahjalal University of Science and Technology.

LETTER OF ENDORSEMENT

Subject: Approval of the report

This letter is to certify that content in this report is true and does not violate company confidentiality. The works mentioned in this report are authentic and have successful involvement of **Mynul Islam**(2018831059). I wish him a successful career.

Moniruz Zaman,
Chief Executive Officer,
Luminous Labs

SM Shahadat Hossain
Senior Software Engineer,
Luminous Labs

Acknowledgement

It gives me great pleasure to share this summary of my six-month internship at Luminous Labs. I want to show my appreciation to the Institute of Information and Communication Technology, SUST, for providing this chance for me to gain first-hand experience applying my knowledge to real-world projects. I also want to express my gratitude to Luminous Labs for giving me the chance to work with them.

I would like to thank my honourable teacher, Mohammed Raihan Ullah , Lecturer, SWE-SUST, whose tireless effort got me this opportunity.

From Luminous Labs, I would like to thank Moniruz Zaman, CEO of Luminous Labs, who supported me, motivated me, guided me throughout this program.

I am extremely grateful towards Md Sajib Shovu, Senior Software Engineer, Luminous Labs who guided me in my learning phase.

I would also like to thank my Team Leader, SM Shahadat Hossain, who taught me, helped me, mentored me and guided me in this period.

Finally, I would like to thank all members of Luminous Labs who are not mentioned above, whose kind welcome, help and teaching kept me going throughout this program.

EXECUTIVE SUMMARY

The purpose of the internship report is to highlight the author's key accomplishments during the course of the six-month internship. The purpose of this program is to document the experience and projects the author completed while serving as an intern.

Students at Shahjalal University of Science and Technology's Institute of Information and Communication Technology have the chance to complete a full semester of internship work in their seventh semester. Before receiving their credential as a software engineer, the students will complete this curriculum to ensure they have real-world experience in the field of software engineering.

At Luminous Labs, the author did his internship. From February 2023 through July 2023, this program ran. Through this curriculum, the author learned a few new technologies, programming languages, and frameworks. The experience, however, was the author's greatest success. He was professionally introduced to Bangladesh's software sector.

The author of this paper significantly expanded his practical expertise as a result of his projects. He gained some practical knowledge of web development tools. In addition to gaining coding expertise, the author learned time management skills, professionalism, and ability confidence through completing the tasks given to him.
